

# Specialty Pharmacy Information for ERLEADA® (apalutamide)

ERLEADA® is distributed by specialty pharmacy providers (SPPs) that are equipped to facilitate product fulfillment and patient support. This informational resource provides you with a list of some SPPs that carry ERLEADA®. These SPPs were selected for the ERLEADA® network due to their geographic coverage, payer coverage, and ability to fulfill and dispense oral oncolytics.

Specialty pharmacies may offer services to verify insurance coverage, identify potential patient assistance programs, and provide additional information to patients to increase adherence.

Johnson & Johnson withMe can help your office identify where patients can obtain their medications by Johnson & Johnson. For example, we can help find a specialty distributor where you can order a J&J product for your office, or access treatment through a pharmacy, without direct purchase or billing of product.

**Patients will partner with their Care Navigator to schedule phone calls during key milestones throughout their treatment journey. They can also contact them as needs arise at 833-JNJ-wMe1 (833-565-9631), Monday through Friday, 8:00 AM to 8:00 PM ET.**

**Sign Up or Log In to the Provider Portal at [Portal.JNJwithMe.com](https://portal.jnjwithme.com).**

## Independently Owned Specialty Pharmacies\*
